Agua Technology

https://www.indiamart.com/agua-technology/

We are manufacturer, supplier and trader of Material Handing Equipment, Aerial Work Platform, Hydraulic Jack and many more.

About Us

We, **Agua Technology**, established in the year **2014**, are one of the leading **manufacturer, supplier and trader** of optimum quality **Material Handing Equipment, Aerial Work Platform, Hydraulic Jack** and many more. The metals and alloys, which are best in the market, are used for manufacturing of this construction equipment range. by using sophisticated machinery that is based on advanced technology, our professionals manufacture the offered construction equipment range is accordance with the industry set norms and regulations. These products are easy to operate and require minimum maintenance. Owing to their steady performance, minimum maintenance, noise-free operation and longer operational life, these products are highly demanded in the market. The offered construction equipment range can be customized as per the specifications provided by the customers. We also provide **Material Handing Equipment Service** to our clients.

We are currently operating under the expert guidance of our mentor, **Mr. Gajanan Lad**. it is due to his experience and knowledge of this domain that we have been able to cater to huge clientele across the domestic market of India in such short period of time.
