About Us

SS Data Solutions is a value-driven IT Enabled Service Provider. We started functioning by 2008 with over 10 years of experienced professional Team Leaders and Excellent quick learning Process Associates. We maintain the highest standards of quality by implementing ethical practices and making optimum use of the latest tools and technologies to equip our customers with every possible advantage over their competitors. We are especially sensitive to customer requirement and customer satisfaction. Our customers often form long-term partnerships with us. We do not compromise on quality or ethics. Our services can be availed at competitive prices. Our services are designed to provide complete data security and confidentiality for every client.

Delivering quality is the fundamental thought that fuels each and every department in SSDS. Ingrained into each of our processes, our efforts towards high quality services, translates itself into real benefits like reduced cycle times, improved customer satisfaction scores and better cost efficiencies. Having committed ourselves in providing the highest levels of customer satisfaction, we work tirelessly towards providing exceptional interactive customer care and enjoy quality assistance.

As a business process outsourcing company, we understand that every employee plays an integral part of the quality management system and employing quality measures that help constantly upgrade their skills is vital. Every member of...
