About Us

Micron Industrial Corporation was established in the year 1970. We are leading Manufacturer & Supplier of Air filters, Oil filters, Fuel filters, Hydraulic filters, etc. As the market strives hard to keep pace with the technological advancement of oem market requirements. The demand for the replacement parts in local market increases. We are there to meet the demands for replacement filter elements, with quality products that meets and exceeds oem standards. Besides, we offer filters and strainers as per your specifications and drawings. You name it we make it for you with the quality standard, that you invest.

Since its inception, the company has grown into many folds and is catering to the needs of many private and public sector undertakings for their requirement of filtration products in and around tamilnadu, karnataka, andrapradesh and kerala. We have a total infrastructure facilities, with latest machineries, tools and equipments that helps us to mass produce filter elements of all specifications. A quality control department that follows stringent measures ensures a quality products truly world class.
