About Us

Our company aaditya Genets was established in the year 2010. We are providing Rental services. We provide generator set that remains in good condition and impart excellent performance and work ability. Our firm is having a huge collection of generator set that is properly maintained at our unit after use. We meet the bulk requirements of the customers as per their requirements, within predefined time frame. Lots of customers have been benefited by our economic and convenient Power generator on lease service. It is a smart choice of smart clients.
