Abacus Heat Transfer Ltd.

<https://www.indiamart.com/abacusengg/>

Manufacturer, Supplier and Exporter of all types of Heat Exchangers, Air Dryers, Lube Oil Coolers, Pressure Vessels, Air Receivers and Industrial Chillers.

About Us

Abacus is the leader in design and manufacture, supplier and exporter of Heat Transfer Equipments and Industrial Chilling Equipments. We have the services for Thermal Designing, Mechanical Designing, Fabrication, Drawings, Site Installation.

Designing facilities :

We have fully equipped Design Department capable of doing thermal and mechanical designs of all offered equipment in house and thereafter generating fabrication drawings of the same. The designing is done as per various design codes viz. IS, ASME, TEMA, API, ASHRAE, BS etc. We have extensive computer hardware and software to facilitate our designing as well as other areas of concern within the organization.

Strength :

In house Detailed Engineering for all manufactured items, i.e. Process (Thermal) Design, Mechanical Design and Fabrication Drawings fully utilising the modern tools of Computer Aided Designing is where the real strength of Abacus lies.

HEAT EXCHANGERS

Our Products

Hair Pin Heat Exchanger

Fuel Oil Suction Heaters

Industrial Heat Exchanger

Tube Heat Exchanger

DUPLEX LUBE OIL COOLERS

Our Products

Duplex Lube Oil Cooler

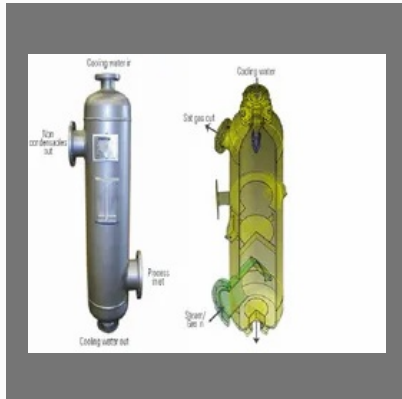

Water Cooled Oil Cooler

Air Cooled Oil Cooler

INDUSTRIAL CONDENSERS

Our Products

Vapour Condenser

Water Cooled Condenser

Air Cooled Condenser

Steam Condensers

STORAGE VESSELS

Our Products

Liquid CO2 Storage Vessel

Pressure Vessel

Chemical Storage Vessel

INDUSTRIAL CHILLERS

Our Products

DX Chiller

Air Cooled Condensor

Air Cooled Heat Exchanger

AIR RECEIVERS

Air Receivers

Air Cooled Condensor

Air Receiver

OTHER PRODUCTS:

Sludge Heat Exchanger

Shell and Tube Type
Condensers

DX Chillers

Factsheet

Year of Establishment	: 2006
Nature of Business	: Exporter and Manufacturer
Total Number of Employees	: 26 to 50 People
