

Abihs Incorporation

<https://www.indiamart.com/abihs/>

Abihs is a manufacturer of Precision turned and machined components. Our uniqueness is high precision and superior finish. Parts made at Abihs are exported across the globe.

About Us

The level of customer satisfaction we have attained today has formed the most important part of our growth in industry. **Abihs Incorporation** was inspected in **2011** as a **partnership** owned organization and is indulged in **manufacturing, exporting and supplying** a comprehensive range of **Aluminum Components, Brass Components, Precision Turned Components, PTFE Turned Parts and many more**. We are **ISO 9001** company with very well established quality system. Quality of the whole assortment is checked on several parameters before they pass for the final packaging. Each and every stage is stringently examined to ensure end products free from any kind error and in compliance to the set industrial standards. Cutting-edge production methods are also adopted to improve the existing array of products and cope up with the market specifications which are growing day by day. We develop our whole assortment incorporating better quality raw material, which will enhance the products efficiency as well as their service life. We use raw materials like aluminum 6061, free cutting brass, PTFE, alloy & stainless steel for machining. 80% of our products get exported & are used in industries like energy, telecommunication & healthcare. We pack the entire range using qualitative packaging material, which helps in protecting them from damage or flaw during transit and ensure safely delivery of the products. Our honorable business managing partner...
