

Ace India Engineering Private Limited

<https://www.indiamart.com/ace-india-engineering/>

We are an iso 9001:2008 certified organization engaged in the manufacturing, supplying and exporting a wide range of industrial control systems. Moreover, we also offer the designing services for the same.

About Us

Established in the year **1987**, “**Ace India Engineering Private Limited**” is engaged in the manufacturing, supplying and exporting of a broad assortment of **Industrial Control System**. Apart from this, we also offer associated designing services to our clients. Our range of products is widely demanded in the market for their advanced features like corrosion resistance, great performance and longer service life. Our company is **ISO 9001:2008** certified for its high quality. We also have CPRI approved **Panel Manufacturer Import and Export License**. Supported by a team of adept engineers, we offer our clients a technologically advanced and highly efficient range of **Industrial Control Systems**. This team is the life line of our organization and is a main driving force behind the qualitative delivery of the products. Our hi-tech infrastructure having equipped with all modern facilities plays a pivotal role in accomplishing bulk orders of the clients within fixed time frame. Our organization has made immense progress under the leadership of our mentor, ‘**Mr. Ragesh R Chettiar**’, who holds an in-depth domain expertise. He has supported us in handling complex problems and attaining outstanding results. Owing to his constant support, we have achieved new milestones of success and have earned wide clientele across different parts of globe including **Australia/NZ, Indian Subcontinent, East/Middle Africa,...**
