## About Us

ACG Worldwide has been serving the pharmaceutical industry for five decades and is the second largest manufacturer of empty hard capsules in the world. The group comprises of 13 companies, including subsidiaries in China, USA, Indonesia, Brazil and Europe. ACG Worldwide has a presence in over 100 countries with its products and services, employing approximately 3,200 members that strive to provide world-class technology across multiple domains. We offer a complete range of solutions beginning with empty capsules; granulation and coating; capsule filling; tableting; packaging films; blister packing and carton packing to the end-of-line solutions. With over 20,000 machine installations worldwide, it speaks lengths of the high quality standards we follow at ACG as well as complying with major international quality certifications or legislations.
