About Us

1)Biomagnetic therapy is the application of magnets to the body to stimulate the nerves and create a better blood flow to various parts of the body. BIO Magnetic therapy is a safe, non-invasive method of applying magnetic fields to the body for therapeutic purposes 2) When FIR penetrates through the skin to the subcutaneous tissues, it transforms from light energy in to heat energy. The thermal effect within the deep layers of tissues cause blood vessels in capillaries to dilate, promoting a better blood circulation, and the heat so produced helps to get rid of body toxins and metabolic wastes through sweating 3)Improves immune power enhances energy level. regulates blood pressure. 4) Enhances body ,brain & mental power . 5)Helps the body regain its self-healing balance naturally, because each organ and cell in the body is influenced by magnetic fields. 6) It helps in Insomnia/Sleeplessness, Constipation, Blood pressure, Respiratory problems, Arthritis & Rheumatism, Backache, Headache etc. 7) Assist your body to heal itself faster, Promote cell regeneration, Provide increased energy levels, Provide increased circulation, Allow better mobility, Provide deeper, more restful sleep.
