Adinath Metals Co. (India) ISO 9001: 2008 is the renowned organization engaged in manufacturing and exporting a wide range of all Ferrous and Non-ferrous Metal Products.

## About Us

Established in the year 1982, we, “**Adinath Metals Co.**”, are an eminent name involved in the business of manufacturing and exporting an unbeatable range of **Ferrous and Non-ferrous Metal Products**. Under this range, we offer **Brass Circle, Brass Tube, Brass Pipe, Brass Bolt, Brass Coil and Brass Plate**. Apart from this, we also offer **Brass Rod, Brass Plug, Brass Flange, Copper Tube, Copper Plate, Copper Rod** and many more. The products offered by our organization are manufactured by making use of superior quality raw material and advanced technology at our sophisticated infrastructure premises. All our products are widely appreciated for their features like easy installation, excellent performance, durable finish and corrosion resistance. In order to meet the varied requirements of our customers, these qualitative products are made available in numerous shapes, sizes and in different specifications, as provided by the customers. We have developed a sprawling infrastructure in order to carry out all our business related activities in a proper and sophisticated manner. The entire range of products offered by our organization is stringently examined by our quality controllers to ensure its defect-free nature, before the end delivery. Further, all the tasks of our organization are carried out by our team of adroit professionals. These products are widely appreciated for their compact designs, accurate dimensions, durability and...
