AdMat's Nanotechnology based Coating Systems Maintain Surface Integrity for over 10 years while Drastically Reducing Maintenance Costs over Surface Lifetime

We have two offerings- High-Performance Nanocoatings and Contract R&D.

About Us

AdMat Innovations Pvt. Ltd. is a Mumbai (India) based company which manufactures high performance Nano-coatings for the transportation, marine, heavy machinery and construction industries.

Founded in the year **2014** by IIT-Bombay graduates, the company operates as a trustworthy **Manufacturer, Exporter, Service Provider** and **Supplier** of Nano Coatings. Besides this, the company also carries out Contract Research and Development for organizations in both India and Abroad.

Our highly durable Nano Coatings provide beautiful aesthetics, extreme protection from physical/chemical/environmental attacks and lower asset maintenance while being very easy to apply. The Coatings have the ability to work on diverse surfaces like metals, stone, polymers and wood.

AdMat Innovations is backed by a team of surface engineers who help produce top quality nanotechnology based coating systems. To meet the specified requirements of the clients, we provide them tailored and innovative coating solutions.

AdMat's Nanotechnology based Coating Systems Maintain Surface Integrity for over 10 years while Drastically Reducing Maintenance Costs over Surface Lifetime.

CHEMICAL RESISTANT PAINT SYSTEM

Chemical Resistant Paint
Application for Luxury Buses

Chemical Resistant Paint
Coating

Chemical Resistant Paint
Coating

Chemical Resistant Paint
Application for Floorings

CHEMICAL RESISTANT PROTECTIVE DURABLE SURFACE COATING SYSTEM

Chemical Resistant Coating
for Containers / Carriers

Chemical Resistant Coating
for Railway & Metro

Chemical Resistant Coating
For Speed Boats Utility

Chemical Resistant Coating
For Equipment On Site

NANOCOATINGS

Water Resistant Nano Coating

FRP Nanocoating - Surface Coating

Wood Nanocoating - Surface Coating

Car Nano Coatings

ANTI CORROSION PAINT SYSTEM

Anti Corrosion Paint
Application for SUVs

Anti Corrosion Paint
Application for Luxury Two
Wheelers

Anti Corrosion Paint
Application for Utility
Infrastructures

Anti Corrosion Paint
Application For Chemical
Tank Linings

NANO TECHNOLOGY BASED PROTECTIVE DURABLE SURFACE COATING SYSTEM

Nano Coating for
Infrastructural Elements

Nano Surface Coating For
Luxury Buses

Nano Surface Coating For
Luxury Speed Boats

Nano Coating For Conveyor
Belt

ANTI CORROSION PROTECTIVE DURABLE SURFACE COATING SYSTEM

Anti Corrosion Coating For Utility Buses

Anti Corrosion Coating for Pre Engineered Buildings

Anti Corrosion Coating For Equipment On Site

Anti Corrosion Coating For Wood Interiors

10 YEARS WARRANTY HIGH PERFORMANCE PAINT SYSTEM

Paint System Surface Coating
For Utility Buses

10 Years Warranty Paint
System for Pre Engineered
Buildings

Paint System for
Infrastructural Elements

10 Years Warranty Paint
Application For Conveyor Belt

INDUSTRIAL PROTECTIVE DURABLE SURFACE COATING SYSTEM

Surface Coating For
Extractors

Surface Coating For Railway
& Metro

Surface Coating For Bus
Utility

Surface Coating for Luxury
Buses

OTHER PRODUCTS:

Chemical Resistant Paint
Application For Stone
Exteriors

Chemical Resistant Coating
For Stone Exteriors

Bus Nanocoating Surface
Coatings

Anti Corrosion Paint
Application For Conveyor Belt

OTHER PRODUCTS:

Nano Coating For Crushing & Milling

Anti Corrosion Coating For Infrastructural Elements

Paint System Surface Coating for Luxury Buses

Surface Coating For Heavy Vessels - Ships

Factsheet

Year of Establishment	: 2014
Nature of Business	: Exporter and Manufacturer
Total Number of Employees	: 26 to 50 People
