## About Us

**“Advait Enterprises”**, was established in the year **2011**, at **Nagpur, (Maharashtra, India)** as a **Sole Proprietorship (Individual) Firm** and since then has become a renowned name as the **Trader, Distributor and Supplier** of **Solar Water Heater, Solar Street Light, Solar Cooker, Power House, Solar Home Light, Water Purifier & Softener, Water Level Monitor, STP Plant, Intrusion Alarm System, Fire Alarm System, Pressure Sensor** and many more. With the advent of technique to use sun's energy as the source of power instead of generating electricity, we can contribute our bit to avoid global warming. The use of solar products in the household is an eco friendly step and our company ensures that the products apart from being environment friendly have a low maintenance, is safe for the toddlers and has a long life, cost effective to ensure that the customer's needs are fully satisfied at a competitive price. Industries, residences, offices, hospitals, hotels are the places where our products find their application. These products are engineered in a state-of-the-art infrastructural unit that is equipped with all types of advanced and latest machinery and tools that is required in the process of production and quality testing at the vendor's end.

The company has a huge vendor base that keeps the company's client base fully captivated by supplying quality products within a short span of time. The...
