# Advance Syntex Limited

<https://www.indiamart.com/advancesyntex/>

**We are a glitter manufacturing company in operation for last 47 years in the field.**

**We are pioneer in introducing glitters in India.**

## About Us

Established in the year **1989** at **Vadodara (Gujarat, India)**, we “**Advance Syntex Pvt. Ltd.**” is a renowned company, highly associated with **manufacturing** and **supplying** a top notch quality array of **Polyester Film, Textile Glitter Powder, Glitter Powder, Hot Stamping Foils, Children Craft Kit** and many more products. Manufactured making use of high quality material and advanced machines, offered products are in tune with the set international industry norms. To meet the varying requirements of clients, we provide these products to our clients in different specifications. These products are highly demanded in the market, owing to their features like matchless quality, superb strength and durability. We being one of the quality focused company, believe in offering only quality tested products in the market in orders to receive their trust. Beside this, clients can buy these products from us at nominal prices.

Backed with the support of a huge infrastructure, we have segregated this organization into different departments for a trouble free working environment. Our departments include manufacturing department, procuring department, quality-testing, warehousing unit, warehousing department and a packaging unit. These units are run by their operation heads who have vast experience in their domain. All these sub-units are working in sync with one another to acquire goal oriented functionality. Under the vigilance and strict...
