About Us

king plasto is all set to offer you an excellent interior decorating experience. The product has been marked as the highest grade quality plaster by experts in this field. Hence, our esteemed clientele can be rest assures of the quality of plaster of paris they are offered. In short, we promise to deliver the best value for your money. King plasto is manufactured by using a unique micronic grinding method. This results in world class smoothness of the plaster of paris. The micronic grinding method eliminates the possibility of shrinking, cracking and warping of pop when applied. It ensures firm establishment and smooth setting on the wall. King plasto is tested under detailed supervision and quality control parameters in order to deliver the best. Our product is an epitome of ultimate consumer satisfaction and quality. King plasto has broken all records when it comes to the quality of pop. You would be spell-bound by the super-white color of our product and it is also an assurance of the absolute purity of pop. We have a wide distribution network. Our distributors and dealers serve consumers in major cities of india.

we undertake great pleasure in endorsing that our plant at bikaner in rajasthan, india produces the finest quality of crystal gypsum. The latest controlled thermic system technology utilized in our modernized plant makes king plasto a unique product. This technology involves heating the ultra-fine gypsum powder at a predetermined temperature control...
