About Us

Agri Care was established in the year 2010 in Hyderabad, Andhra Pradesh. We are the Importer, Distributor, Manufacturer, Exporter and Wholesaler of Agricultural Implements spare parts like Nursery Seedling Tray (Root Trainer), Paddy Nursery Seedling Tray (Transplantation), HTP-V Pump Packing (AN-30), Weed Cutting Machine, etc. We have variety of implements that help farming. Implements initiating from land preparation to harvesting the crop, such as tilling, soil preparation, seedling preparation, transplanting, weeding, spraying & harvesting. It is the part of our strategy to link all our operations as closely as possible, exploit synergies and thus achieve added value in the services we render to our patrons. For this reason alone, the services we offer today represents the sum of such positive attributes as first-class service, high technical standards, greatest reliability and a well organized cost structure.

We have developed a well equipped quality control department, which thoroughly checks our range of product throughout the entire production process right from the selection of raw material till the final dispatch of our consignment. Keeping in mind, the various technical requirements of our clients we also customize our range of product. The superior quality and competitive prices of our products has enabled us to garner a huge clientele throughout the globe. We have a well-constructed and capacious warehouse where all the raw material as well as the...
