<https://www.indiamart.com/agrofeedsolutions/>

We are the leading manufacturer, distributor, wholesaler and supplier of the Milking Machine, Cattle Feed, Dairy Machinery System, and many more. We are also service provider of the Maintenance Service and Repairing Service.

About Us

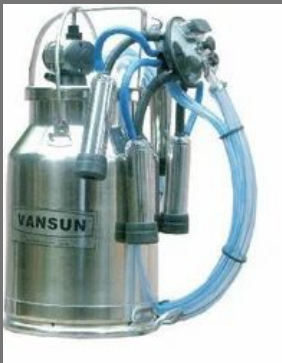

Since its foundation in the year **2012** as a **Partnership Business**, **Agro feed solutions** is executing all its business affairs with its business premises located at Bengaluru, Karnataka, (India). Our company specializes as **manufacturer**, and **supplier** of high quality of cattle feeds and supplements such as **DAIRYGOLD – Protein Meal, TMR Concentrates, Mineral Mix, Oral Calcium Syrup, Bypass Fat & Stationery Milking Machine, Dairy Machinery System, TMR Feed Mixer Wagon, Dairy Feed Concentrate** and many more. We are also **service provider** and offer **Maintenance Service** and Repairing Service. Profitable dairy production relies on healthy Cows that convert feed efficiently into milk while maintaining good fertility. It is essential to regularly score the body condition of dairy herds to ensure optimum health for fertility, calving and milk production. We facilitate changes in management where necessary. We ship our products in durable packaging so as to keep them safe from being getting damaged or spoiled. With our experienced research and development personnel, we have developed an extraordinary range of Dairy Farm related products for meeting our clients' expectations in a most realistic way. **Ravi Shankar Mahdev (Managing Partner)** is very well operating and managing all affairs related to the business. He is our honorable mentor with excellent leadership qualities and holds the partnership of...
