About Us

Came in to existence in the year **1983**, our company established its roots at **Chennai, Tamil Nadu (India)**. We are running our company under **Sole Proprietorship** based ownership with continuously sterling client base. Our company ventured in the **manufacturing, trading, supplying, wholesaling and importing** of various **mechanical components** such as **Water Filter, Automatic Control Valve, Impact Sprinkler, Wind Sensor, Gear Drive Rotor** and **many more**. Our entire product range is manufactured precisely keeping in mind the set industrial guidelines which makes them of an international level of quality. We are leaning ahead of our tough competitors with the help of our strategic planning and inexorable efforts. Our prominence lies in what we have employed in terms of manpower and mechanics. We care more about our client's satisfaction. We have enabled different payment gateways using which they can choose to pay. Under the momentous and astute mentoring of **Mr. A George**, who owns the chair of **CEO** in our company. He keenly vigils and monitors each section of our organization and make sure that all corporate affairs are going hand in hand in order to yield souped-up results. Our state of prominence in the industrial ground is the only result of his inconsistent approach towards achieving desired goals. In today's slayer competition scenario, his presence...
