

# Aim Technologies Pvt. Ltd.

<https://www.indiamart.com/aim-technologies-pvtltd/>

Dealers of aluminium alloys, aluminium products and aluminium foils.

## About Us

alloy group was constituted in 1980 with a small unit of drawn tube manufacturing by formation of alloy metal industries now known as aim technologies pvt. Ltd. Under the leadership of mr. Raj kishore bhiwaniwala. The firm manufactures aluminium drawn pipes and tubes, which is extensively used in jute mills, tv antenna and can be made in close tolerance as per customer specification. It also specializes in aluminium wire including welding wires, which can be produced in straight length, coil and on spool.

after some years, the firm took the consignment agency of jindal aluminium ltd. bangalore, who are leaders in aluminium extrusions in india, which are used for both domestic and industrial purposes and consumption is growing up 8percent to 10percent per annum.

in the year 1985 m/s. Metal extrusions now known as raj aluminium pvt. Ltd. Was started with installation of a plant of aluminium drawn pipes and tubes. These drawn pipes and tubes can be used for both industrial and domestic purposes, for example ? jute mills, bobbins, tv antennas etc.

with the lapse of time, the company engaged itself in trading business by taking the consignment agency of hindalco industries ltd. , alupuram, specialized in aluminium extruded architecture sections (previously indal).

after realizing the demand from aluminium fabrications and customer?s preferences towards hardware the group created a new hardware sector having the distributorship...
