

Aircity Havc Equipment Private Limited

<https://www.indiamart.com/aircityequipments/>

We are one of the leading manufacturers, supplier and trader of Industrial Equipment. Backed by latest process technologies as well as user friendly user interface, these can be offered by us in both standard and customized specifications.

About Us

Founded in the year **1999 Aircity Hvac Equipment Pvt. Ltd.** is the widely trusted Manufacturer, Supplier and Trader firm of next generation Industrial Equipment. With a strong blend of innovation and experience, we bring forth a much anticipated product range including high performing Air Handling Units, Laminar Air Flow System and Fan Coil Units. Our product offerings bear a testimony of our strong product knowledge encapsulated in the beneficial features of precision engineered construction, long lasting performance, hassle free maintenance, energy efficiency and economic rates.

Our highly experienced team members are putting every possible effort to attain the end goals of value creation and customer satisfaction. With a mission to become the leading manufacturers of high quality equipments we are instrumental in garnering the exacting needs of our clients from both domestic and industrial sectors. Further, our roots grew from the confidence of well integrated work set up, which equips us to provide a wide assortment of quality products in galvanized, aluminium or stainless steel finish. Moreover, our products are developed with an inventive point of view with innovative quality filter section including pre filler, microbe filter, fine filler, and HEPA filler. The unmatched quality and production efficiency gained us trust of huge client base, including renowned names such as M/s. Suvidha Engineers (I) Ltd.; M/s. Perfect Utilities; and M/s. Voltas Ltd.
