About Us

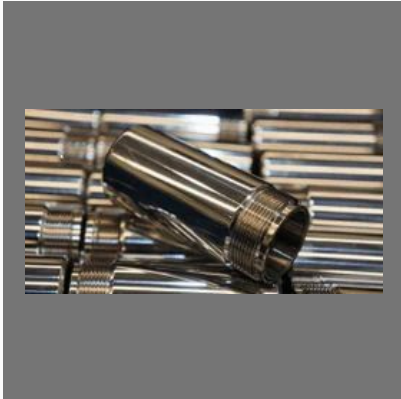

Established in the year 1981, **Ajay Metal Finishing Industry** is one of the prominent **service providers** in the area of **Anodizing, Galvanizing and Electroplating**. Apart from this, the organization is also engaged in distributing **Rectifiers** and **Welding Machines**. All these products and services are an epitome of superior quality and are offered at industry leading prices. Backed by an excellent infrastructure, we are capable of offering a comprehensive range of services to our clients from the electronic and automobile industries. Our factories have all the modern coating, finishing, lacquering and casting facilities. We also have CAD/CAM facilities that are used to create a proper design of the machines and equipment. **Larsen and Toubro** is one of our most valued clients and we look forward to further strengthen our relationship with them. Under the able leadership of our mentor **Mr. Ajay Dargar**, we have managed to make a mark in the industry. The mentor is ably supported by a team of competent professionals, which is committed to fulfill organization's core goals and objectives.
