## About Us

Born in the business city Mumbai and one of the major phase lifter of construction projects in the country, **AJIT GROUP** manages a self owned fleet of 80 inventories comprising of **Transit mixers and Tippers for transporting concrete** and other construction materials to various construction giants. Ajit Transport Company was founded as the equipment rental arm for Ajit Group to facilitate better service and growth for large construction projects in and around the city. Company was formed in 2004 with a sole motto of giving our clients superior services in hired equipment with round the clock service for maximum up-time and profitability. It's a proven fact that in construction business there is a lot of dependency on the reliability and efficiency of the equipments and thus to make sure our equipments are regularly updated and maintained properly we have dedicated service garages in Turbhe, Thane and Vasai. We are manufacturer of airlite blocks, Light Weight Blocks made out of Flyash, Cement and other Hardeners for the best quality Blocks for Internal and External Blocks requirement for Construction Projects. Manufactured from the best available machineries of the country and best suited raw materials. Established in One acre area in the Industrial City of Gujarat we have a production capacity of more than 4500m<sup>3</sup> per month using best quality OPC-52 Grade Ultratech Cement of and White Flyash out of Thermal Power Plants and other...
