## About Us

Akshar International is global supplier of high quality Laboratory chemicals & analytical reagents. We specialize in providing complete turnkey private labeling and OEM services that meet the needs of our customers in an ever changing marketplace.

Akshar International has implemented and follows the ISO Guidelines since 2002. The adoption of the ISO International Quality Management Standards provides the foundation for the development of Akshar International's entire line of product offerings. Here, customers can be assured of quality, safety and reliability.

Implementation of GHS labeling and Special Packaging to meet international guidelines gives Akshar International the ability to ship its products by Air, Sea and Land to any part of the globe. Akshar International is currently exporting to over 65 countries and is successful in gaining the market share with its wide range of quality products.
