

AL Med Equipments

<https://www.indiamart.com/almedequipments/>

We would like to take this opportunity to briefly introduce us as manufacturer and dealer of healthcare services throughout India from 15 years and are fortunate enough to achieve many awards for INNOVATIVE SOLUTIONS FOR INFECTION CONTROL

About Us

Established in the year 2001, at Navi Mumbai, Maharashtra, India, we “**Al Med Equipments,**” are leading manufacturers of Medical equipment. These comprise Oxygen Generator, CardioFax 3R, Surgical Pendant, Surgical Instruments and others with attributes like automatic and manual mode, high performance, high resolution display, dimension accuracy and others. Here, our expertise also lies in offering customers services related to inspection, installation, service & maintenance for the offered equipment range. Our business operations are led by **Mr. Zakir Shaikh**, who has with him rich experience in our industry sector. His visionary business approach as well as strong service support provided by our experienced team of industry professionals has helped us to emerge as a leading name in our industry sector. The offered Medical equipment range finds application in areas like Hospital, Medical college, Clinics and other similar areas. Today, our consistent business approach while working in close coordination of each other helps us in enhancing the production process, thus meeting client's given specifications. We also hold expertise in making effective use of cutting edge process technology so as to incorporate latest process based features in the offered range of Medical equipment. Other than this, our comprehensive range is also stringently checked at our quality testing laboratory so as to ensure in them high performance standards. **We...**
