About Us

Alteus Biogenics Pvt. Ltd is one of the fastest growing, privately held pharmaceutical companies in India today, dedicated to delivering products and solutions of international standards in specialty healthcare. The Company is constantly aiming to expand its operational footprints through a growth-strategy that incorporates improvement of products and processes at every stage while optimizing cost for greater value addition to all deliverables. Considering that it is yet a young Company, having started its journey in December 2008, Alteus has already established a commendable corporate presence in the healthcare segment. Headquartered at Kolkata, West Bengal Alteus is a dynamic player all poised to consolidate its position as a reliable and trustworthy name in the domestic as well as international markets. The Company maintains a strict vigil on all performance parameters, setting higher standards for itself everyday as existing goals are attained through determination and insight. Alteus products are manufactured at high-end, advanced facilities that are **GMP** and **WHO** certified. At the moment the Company is catering to therapeutic fields like Neurology and Psychiatry with a wide array of specialized medicines that have been effective in comprehensive treatment of related ailments. The Company has made a significant impact with the launch of its products in the CNS segment in the eastern parts of the country. Concrete plans are on the way to foray into other...
