About Us

Our Company, **Amar Machine Tools**, was incepted in **2001** by **Mr. Prabhdeep**, in **Mandi Gobindgarh, Punjab**. Our product range is **Lever Limit Switch, Weight Operated Limit Switches, Rotary Gear Limit Switches, Worm Drive Limit Switches, Thruster Brake, Master Controller, Electricals Projects, Crane Project, Power Distribution Control Panels, Resistance Box, Overhead Crane Electrification, Festoon System, E.O.T Cranes, Crane Parts, Gear Box, Gear Couplings, Cranes Ladder, E.O.T Crane Gear Box**. Backed by a strong experience of about a decade in this business, we have been able to produce quality material handling equipments for application in many industries in India. We have registered vendors to provide us with the super quality raw material like mild steel to manufacture our products and as per the specifications provided by our customers. All our products have distinct features which are necessary for use at our customers' end. We have established a state-of-the-art infrastructure facility consisting of various units such as procurement, manufacturing, quality control, R&D, warehousing and packaging units. Advanced machinery has been added to all these units to produce quality equipment by using quality raw material procured from registered vendors. Qualified and experienced engineers and other staff members have also been deployed in all these units to exercise their expertise while producing our products. Under the able...
