

Ameya Electrical

<https://www.indiamart.com/ameyapowersolution/>

We are leading traders & service providers for Captive Power Generator Equipment, Spares & Associated Accessories. Apart from this, we also hold specialization in undertaking turnkey projects for Supply & Installation of Generator Sets.

About Us

Established in the year 1996, at Boisar, Maharashtra, India, we “**Ameya Power Solution,**” are leading **traders and service providers** for **Captive Power Generator Equipment, Associated Accessories and Spares**. Other than this, we also offer our specialization in undertaking turnkey projects for Supply & Installation of Generator Sets with capacities up to 3000 KVA. The services we offer include **Operation & Maintenance Contracts, Annual Maintenance Contracts, Calibration Services** and **Complete Overhauling of systems**.

Well reckoned as a leading player in the market, our business operations are led by **Mr. Vijay Dongare / Mr. Royden R Fernandes**, having rich experience in our industry sector. His visionary business experience as well as services of experienced industry professionals supporting our initiatives, we are able to successfully handle the emerging product & service demands of our customers in the Captive Power field. Further, our expertise also lies in offering them customized solutions as desired by them. Today, our consistent efforts has helped us to provide competitive Power Solutions and Services with sense of responsibility to environment, needs of society as well as meet the changing requirement of customers. Further, as the offered generator range is sourced from trusted manufacturers, we assure customers of leaving no stone unturned for making sure that all solutions...
