We are the trusted Trader and Importer of GYNECOLOGY PRODUCTS ,obstrectics and surgical products , including Uterine manipulator ,vacuum assisted delivery system , Surgical retractor - self retaining ,Endometrial sampler

About Us

Founded in 2001, we, “**Anjana International Industries**” as a leading firm, are involved in trading **Pessaries Products, Surgical Products, Endometrial Suction Curette, Surgical Retractor, Laparoscopic Trocar** etc. Since then, we have researched and developed a wide range of products that have advanced the standard of women’s health care. Our products are used by Ob/Gyns and other health care professionals in both hospital and practice settings, for a wide variety of procedures, from routine gynaecological exams to fertility treatments and complex surgical procedures. Our broad product portfolio provides a one-stop source that allows you to consolidate your women’s health care contracts with a single vendor that offers the brands your staff knows and trusts. We continue to foster top most position through expansion of our core businesses and the introduction of advanced, technology-based products that aid clinicians in the management and treatment of commonly seen conditions. We trade all cooper surgical products which are well engineered for optimal efficiency and effectiveness for consistent and successful results. We **Import** our products from **USA**.

Underneath the management of our owner “**Mr. Rajan Handa**”, we have been able to serve huge customer base across the country. He has gigantic knowledge of this field that has helped us in catering to the requirements of our respected customers in the most...
