<https://www.indiamart.com/aquasolutions-chandigarh/>

We are the leading Manufacturer, Trader and Supplier of a comprehensive assortment of Steam Generators, Sauna Room, Sauna Machines, Bathroom Shower Enclosures, Booster Pumps, Waste Water Pumps, Water Treatment Plants, Water Softeners etc.

About Us

Established in the **2008** in **Chandigarh (India)**, we “**Aqua Solutions**” are the prominent **manufacturer, trader and supplier** of a comprehensive assortment of **Steam Generator, Booster Pump, Water Pump, Water Softner** etc. This company was started by “**Mr. Anil Kaushal**” and “**Mr. Paramjeet Singh**”, and made its presence felt with the lineup of aqua products that have been received with overwhelming response and utmost satisfaction. The company has built a unique rapport with its consumer base in providing the best aqua technology. Among the products provided by the company which stand at par with the international standards, the one product that has seen the growth and popularity among the consumers the most is the steam generator (brand name - aquasol) owned and devised by the company itself. Aquasol, mainly used for the purpose of steam bath, has been the provider of pleasure and comfort in various renowned hotels, spas, gyms and beauty salons. The outer body and water tank of the generator is made of solid grade 304 stainless steel, while there are couple of varieties of steam generator available, mainly being an automated one and a manual one for the operations. What makes the aquasol stand out among the other brands of steam generators is its gem of a quality and the long run usability. We are offering the products under brand name **Suraksha**.
