<https://www.indiamart.com/aquatechsystems-chennai/>

We are the leading manufacturer, supplier, trader, distributor and wholesaler of Water Filter, Water Treatment Plant, Water Filter, Commercial Vessel and many more products. Our products are known for their quality assurance and durability.

## About Us

Established in the year **2003**, we, **Aqua Tech Systems**, are one of the leading **manufacturer, trader, wholesaler, distributor** and **supplier** of **Water Treatment Plant, RO System, UV Sterilizer, Water Filter** and many more products. We have also worked in partnership with eminent packaged drinking water and water treatment company (OEM), which provides high quality equipment for purifying water. These products have gained immense popularity for features like high durability, low maintenance, easy installation and corrosion resistance. Complying with the prevailing guidelines of BIS and FDA, these products fulfill the requirements of portable drinking water for textile, electroplating, food, hotel and paper industries. Owing to our robust infrastructure and efforts of our workforce, we have been able to successfully design, manufacture and commission more than 250 packaged Water Treatment Plants and Lab Equipment across the domestic market. Moreover, our range of products can be availed according to the requirements stated by our esteemed clients at market leading prices. In addition to this, our diligent workforce is highly capable of providing complete consultancy for water treatment engineering, designing, installation, commissioning and operation of the plant. Leveraging on our client centric approaches and ethical business policies, we have been able to carve a strong niche in India. Under the able...
