

The Esab Welding Institute

ESAB GLOBAL is an acknowledged world leader in welding, cutting and working environment and has a global policy in place stressing the importance of training.

ESAB INDIA as a member of the group runs a full-fledged training institute for welding education and safety at Taratala, Kolkata that is popularly known as "THE ESAB WELDING INSTITUTE".

The fully updated facility is open to public and offers training in three distinct areas and follows a training calendar through the year:

- **Engineers/Supervisors Training Program**
- **Welders Training Program**
- **Technical Services**

Apart from these basic training programs, tailor-made courses are offered to suit corporate needs. The welding institute over a period of time has earned public recognition and appreciation for the following:

- **Many successful candidates working in Gulf-Countries/Canada**
- **3 months crash course on ARGON/TIG welding**
- **Training of all with or without previous welding knowledge**
- **Expertise on pipe construction**
- **Training on all common materials: M.S/S.S//AL/Cu etc.**
- **Certification recognised by the trade**

Other courses are

- **Engineers/Supervisors Training Program**
- **Welders Training Program/Weld Inspection Course**
- **Technical Services/Marine Engineer's Welding Course**
