About Us

Established in the year **2014**, at **Gandhinagar (Gujarat, India)**, we "**AR Electronics**" are a reputed firm engaged in the business of **manufacturing** and **supplying** a comprehensive assortment of **LED Street Light, LED Flood Light, LED Panel Light** and **Led Tube light**. Apart from this, we are also engaged in **trading** of **LED Bulb**. The products offered by us has gained high accolades and wide prominence in the market owing to the features like easy operations, eco-friendly nature, high quality, longer working life, easy installations and excellent performance. These products are precisely manufactured and engineered by the experts as per the latest market trends and predefined industrial standards. For meeting the diverse requirements of our esteemed clients, we offer these products in various specifications which can be further customized at affordable prices.

Our advance infrastructure supports us in a big way that encompasses sophisticated machine and equipment, which is further separated into various sections to ensure smooth production operation. This facility holds several specialized sections like manufacturing, testing, warehouse packaging, sales & marketing, etc. For timely delivery of the products, we have developed a wide distribution network. Furthermore, we employed a team of hardworking and competent professionals, who work continuously for meeting the objectives of the organization. In a...
