We are known as a fastest growing organization engaged in manufacturing and supplying a mesmerizing collection of Home Furnishing and garment Items. The entire collection is designed by our creative designers following fashion trends.

About Us

Established in the year **2005**, we, "**Aroma Innovations**", are known as a reckoned manufacturer and supplier of extinguishing **Home Furnishing & Garment Items and also Filling Machines For Cushion & Pillow**. The range offered by us is popular among clients due to its aesthetic fashion sense, mesmerizing designs and beautiful colors. Clients can avail these items from us in variegated colors, patterns and designs as per their individual choices and the needs of their interiors. Further, we can also offer the customization facility to our clients for meeting their personal preferences and demands. With the support of our ultra-modern manufacturing facility, we are able to design and manufacture an unparalleled product range in compliance with on-going fashion & market trends. The use of cutting-edge stitching & knitting machinery ensures the smooth & effective production of our bulk quantity product range. Moreover, the basic strength of our organization is its well-adept workforce, which is the driving force behind our revolutionary growth in a short time span. Under the able guidance of our mentor, '**Mr. Santosh Seth**', a visionary businessman, we have earned an enviable position in this competitive market. His excellent business tactics, years of experience in related domain and market understanding have assisted always at each step to grow in an efficient & fast manner.
