Arrow Fine Chemicals, are a distinguished **Wholesale Trader & Exporter** of **Neem Oil, Karanja Oil, Fish Oil, Inorganic Acid, Carbonates Chemicals, etc.**

About Us

Established in the year **2006**, we, **Arrow Fine Chemicals**, are a distinguished **Trader, Suppliers & Exporters** of **Neem Oil, Karanja Oil, Fish Oil, Inorganic Acid, Carbonates Chemicals, Chlorides Chemicals etc.** In addition, we also provide a broad assortment of Laboratory Plastics Products to our esteemed customers. Our chemicals are formulated by employing latest techniques and methodologies. The chemicals are appreciated by the patrons for their attributes such as long shelf life, accurate composition and effectiveness. We deal in **G-Lab brand**. Owing to our superior quality. We are exporting our quality products in **Sri Lanka, Middle East, UAE, London and Nepal.**

In order to complete the ever rising requirements of the patrons, we have developed fully equipped infrastructure facility for ourselves. Armed with high-tech machines and technology, our facility enables us to formulate these chemicals in compliance with set industry standards. Moreover, our R & D professionals are truly responsible for fulfilling the varied lab chemical requirements in tandem with changing standards. Due to the perfect blend of our R & D professionals and infrastructure facility, we have mustered a huge client-base throughout the country.

Under the able guidance of our skilled manager, **Mr. Amit Ghodasara**, we have climbed the ladder of success. His extensive industry experience, charismatic leadership and...
