# Arrow Global Logistics Pvt. Ltd.

<https://www.indiamart.com/arrowglobal/>

We offer a full range of global, integrated, multimodal transport services. In addition to our air, ocean, road & courier offerings, our special services division handle project cargo, charters & rail movement on a global basis.

## About Us

The **Arrow Global Logistics Pvt. Ltd.** is represented around the world by a network of authorized professional freight agents. These agents are experts in the handling of freight shipments through their local areas. They are familiar with local customs and regulations. They are reliable and can be dependent on to provide the highest level of service.

It is one of the leading total Logistics Solution Company in India. It is small but perfectly performed and also creates efficient & flexible supply chain solutions for customers by coordinating airfreight & sea freight globally. We provide end to end logistics solutions to a diverse customer base with core expertise in in-bound cargo movement to India. Our idea of successful business is to be a flexible and reliable Partner of a Global Community working in the Freight & Logistic Field. Arrow Global now is in the good position to increase the business.
