About Us

We are the most comprehensive and technologically advanced glass processor in India, having 22 years expertise in manufacturing of decorative & architectural glass. Significant investment in technology, business resources, infrastructure and quality control systems ensure that all processes are to the world's best standards. We have nicely blended the features of both contemporary as well as conventional style requirements of the customers in our glass product range. Our founder Mr. Lokesh Pathak, has with him immense adroitness in systematically managing the entire business activities of our company. Under his able guidance, we are establishing new instances of superior craftsmanship & integrity through our artistic range of products. We have incorporated technologically advanced machines and set it up Kala- amb (Himachal Pradesh). It is 60 Kms from Ambala and Chandigarh.
