We are reckoned among the leading manufacturer, wholesaler, trader & supplier of a vast range of pharmaceutical drugs. Our range is renowned for its qualitative features like precise compositions, quick relief & purity.

About Us

Established in the year **2006**, we, "**Arvind Pharmaceuticals**", are successful in becoming leading manufacturer, trader, wholesaler and supplier of all types of **Pharmaceutical Products**. These medicines are prepared by us using optimum-grade ingredients that are procured from the reliable vendors. All our products are widely appreciated in the market for their longer shelf life, high-efficacy and accurate formulation. Owing to these attributes, all the medicines are widely used in household and hospitals for treating various types of bacterial infections. We are also supported by highly skilled and experienced pharmacists, who help us in making these medicines more effective and reliable. These medical experts perform various tests on the range, so as to ensure that products offered by us are free from side effects. Moreover, our timely delivery and ethical business policies have helped us in establishing credible client-base, including wholesalers, retailers, chemists, doctors, nursing homes, hospitals, government organizations and research institutes and many others. Under the able guidance of our owner, "**Mr. Kalpesh**", we have been able to experience immense growth in minimal time frame. His excellent skills in the domain have helped us in adding new and existing medicines to bring better efficacy in the these.
