We are engaged in offering best-in-class Staffing & Recruitment Services. These services are accomplished by our efficient professionals to identify & recruit suitable manpower in accordance with the client's requirements.

About Us

Established in the year **2007**, we, “**Ashirwad Consultancy**”, are counted amongst the prominent service providers engaged in offering right solutions in the field of **Staffing & Recruitment Services**. Due to their reliability, cost-effectiveness & timeliness, these services are in great demand amongst our clients based across the country. The methods that we use for the identification and selection of suitable candidates are based on the clients' work values and tailored to specific requirements. Our experts make sure to conduct interviews with each individual to obtain detailed information regarding educational background, experience, job history, career goals, personality traits and compensation. We also remain in constant touch with our clients to determine whether they are satisfied with our services. This has further enabled us in establishing fruitful relations with our clients, thereby maintaining market credibility for our organization over the years. Our mentor, '**Mr. Soji Thomas**', holds wide industry experience and knowledge in this domain. His strong acumen and in-depth expertise has been a source of inspiration in every sphere of business. Under his able guidance, we have been able to edge a remarkable position for ourselves in this highly competitive industry.
