We are engaged in trading & supplying an extensive range of high-quality Pipes & Fittings. Our product range is acknowledged for its excellent durability, corrosion & abrasion resistance, & dimensional accuracy.

About Us

Established in the year **1980**, we, **Asian Corporation, Bengaluru**, are one of the eminent traders and suppliers of a wide range of Pipes and Fittings. Extensively used in areas like irrigation, construction and engineering, the products are acclaimed for their quality by clients across the nation. Our organization also has a sister concern, Adnan Allied Concern, based at Bengaluru and Chennai.

In order to offer flawless product range to our esteemed clients, we have established business associations with some of the eminent names in the market. Our rich vendor base consists of **HBI, Jindal Group, Superlon and many others**. In addition to this, we also have an in-house quality testing unit to ensure the flawless quality of our procured range. We maintain utmost transparency in our business dealings and employ only ethical business policies, which helps us to retain the trust of our clients and attract new ones. Our organization is headed by our mentor, **Mr. Farhad Hussain**, who has industry experience of many years and possesses in-depth knowledge of this domain. Under his able guidance, we have acquired a rich clientèle across the nation. Some of our esteemed clients are **Mantri Developers, Sobha Developers, Purvankara Developers, Salarpuria Developers** and **Prestige Group**.
