<https://www.indiamart.com/askib-engineers/>

Our company is counted among the leading supplier of a vast range of Industrial Products. Our Products are checked with proper calibration, service & maintenance.

About Us

Askib Engineers Pvt. Ltd was incorporated with the aim of trading an extensive range of **Industrial Products in Kolkata and West Bengal** . We source our range from the reliable and trusted vendors who possess years of experience in their respective domain. Apart from this, under the stringent supervision and leadership of our mentor, **Mr. Ashok Ladsaria / Mr. Bharat Ladsaria**, we have attained a remarkable position in the market. His rich business acumen and deep knowledge about the industry make possible for us to fetch a huge support of our esteemed clients. We have with us a highly sophisticated and state-of-the-art infrastructure, which sprawls over a large area and equipped with all the requisite facilities. The entire unit is divided into varied departments such as quality testing department, administrative department, sales and marketing department, warehouse department and many others. These departments work in coordinated manner and help us to carry out our business procedure in a systematic and smooth manner. Apart from this, our company is also supported by a dexterous and diligent team of professionals, who is considered as the strength of our firm. These experts are from different backgrounds, which enable us to easily understand the diverse requirements of our clients. Moreover, we organize regular training programs fore our employees, with a view to enhance their skills and knowledge in this domain....
