## About Us

Established in the year **2000**, at **New Delhi (India)**, we, **Atlas Surgical Co.**, are one of the leading **manufacturers, importers and suppliers** of a highly effective range of German quality general **Surgical Instruments**. In our range, we are offering instruments for **Diagnostics, Anesthesia, Puncture, General Surgery, Suture, Plaster, Bone Surgery, Lung Surgery, Cardiovascular, Neurosurgery, Ophthalmology, Beauty Implement, Orthopedic, Otology, Sterilization, Rhinology, Hollow Ware, Tonsil, Esophagoscopy and Tracheotomy**. These instruments are manufactured as per the **ASP, ASC and AST** standards using premium quality raw material. Further, the offered instruments are designed with high precision which ensure their dimensional accuracy and compact design. Our instruments are extensively used in various hospitals & clinics and are highly appreciated for their features like high tensile strength, easy handlings, strong grip, fine finish, durable finish standards and corrosion resistant finish. We offer these instruments in various standard models and can also be customized as per the specific needs of clients. In order to manufacture these instruments, we have established a state-of-the-art facility that is developed setup as per the medical industry standards. To make certain smooth flow of production process, this facility is segregated into various divisions like production, procurement, quality...
