## About Us

**Aum Flexible** is established in the year 2015. We are an eminent firm engaged in offering a wide range of Flexible & Hydraulic Hoses and Assemblies, sourced from the trusted business associates of the market. They make use of high-grade material and employ advanced technology and latest machines to manufacture the range.

Further, they have appointed quality inspectors to check the quality of the entire range so as to ensure its flawlessness. The product range is in high demand due to its durability, great strength, flexibility and abrasion & weather resistance. These are fabricated using high quality raw material procured from our reliable sources. Furthermore, we also provide customization of these products as per customer's specifications and drawings at our vendors end.
