About Us

Avinash Shipping Agency has pursued concepts of quality and excellence in the world of shipping, air cargo, and international Shipping since its incorporation. We share and identify with your commercial priorities to help the company with their logistics needs. We are dedicated to help your company to obtain the best freight solution economically without sacrificing efficiency and on-time service. To ensure our associates to put forth every effort to maintain customer relationships and build future business together. We design Shipping systems according to your requirement, using multi-modal modes of transport if necessary.

We believe in giving you, our clients, maximum value for your money in our services. We also thrive in geographical areas where the Shipping infrastructures are inadequate to meet growing economies or where the locations are remote and difficult. We are dedicated to help your company to obtain the best freight logistics solution economically without sacrificing efficiency and on-time service. To ensure our associates to put forth every effort to maintain customer relationships and build future business together.
