## About Us

**Bluecross Animal Healthcare (P) Ltd.** is involved in manufacturing organic animal health care products, Poultry & Fish healthcare products & Agriculture biogrowth promoter products that specifically caters to livestock and poultry sector. Owing to its strong concepts and formulations, Bluecross Animal Healthcare has successfully gained an international acclaim and its products are widely accepted. Incepted in the year 1995, Bluecross Animal Healthcare (P) Ltd is one of the leading manufacturers, suppliers and exporters of veterinary medicines. We are one of the pioneer enterprises in the field of manufacturing herbal products for animal health care and veterinary diseases. Owing to our dynamic production policy, we formulate the medicines and review it at regular intervals of time. This enhances and maintains our status as a modern production unit. Our effective and authentic drugs are formulated keeping factors such as nutrition, resistance, lactation efficiency in a balanced state. Altogether, our prime concern centered on enhancement in productivity, reliability and cost effectiveness to users. One of the prime factors in excelling in our production quality is the our infrastructure. This enables us in selecting medicinal plants of requisite potency and good quality. In order to source optimum quality of medicinal plants we also resort to contract farming apart from purchasing the same from domestic market. With fresh material at our...
