Our company Shree Balaji Bio-Chem Industries was established in the year 2006. We are the leading manufacturer of all types of chemical compounds. Our range has gained acclamation for its purity, accurate composition and precise pH value. Our ...

About Us

Established in year **2006**, we, “**Balaji-Chem. Industries**”, are one of the illustrious manufacturers and suppliers of **Industrial Chemicals**. The entire range is pre-tested and certified in order to ensure its purity, precise pH value and accurate composition. All our business endeavors are directed towards serving our clients, and exceeding their expectations. Owing to our high quality chemicals and their timely delivery at the clients destination, we have been able to carved a niche for ourselves in the domestic market. The painstaking efforts of our professionals, and the availability of advanced technology have helped us come up with exceptional quality chemicals. We have developed a state-of-the-art infrastructural, which comprises a processing unit, warehouse, quality testing lab and R&D wing. Moreover, we have a wide network and C&F agents for supplying high quality and properly preserved chemicals within the stipulated time frame. Through our ethical business policies and visionary approach, we are able to add credibility to our name.
