# Bara Cutting Tools

<https://www.indiamart.com/baracuttingtools/>

We are ISO certified organization engaged in manufacturing and exporting a dimensionally accurate range of industrial cutting tools. Our range is as per the specifications of our clients and caters to wide industrial requirements.

## About Us

**Established in the year 1995**, we “**Bara Cutting Tools**” are one of the reputed firms situated in Ludhiana and engaged in manufacturing, exporting and supplying of cuttings tools. Our range such as face cutters, machine reamer, single angle cutters, reduced shank drill etc., is being widely used for meeting the wide engineering industrial requirements of our clients.

Being an **ISO certified** company, we have been maintaining the highest standards of quality while designing and developing our range. We have also attained **AGMARK certification** which clearly depicts our promise towards maintaining the high standards of quality. Our organization is also planning to expand the production and distribution network in order to high the sales pitch and to be at par with other companies.

Over the years we have significantly upgraded our range, offering complete solutions to our clients. Our successful survival in the global market for more than a decade is the testimony to our smooth and sustained growth.

Under the profound guidance of our owner **Mr. Balbir Singh**, who holds a B.com from Delhi University and MBA in marketing from Ghaziabad, we have carved a niche in the domestic and international market.
