

Baroda Moulds & Dies

<https://www.indiamart.com/barodamouldsdies/>

We are manufacturer, trader and exporter of Epoxy Resin Cast Insulators, Bushings & other Epoxy Molded Components widely used in generation of electricity and in transmission & distribution systems up to 33kV System Voltage.

About Us

Established in the year 1990, we, “Baroda Moulds & Dies”, are a renowned manufacturer, trader and exporter of Terminal Plates, Epoxy Molded Components and Interrupter Housings. Furthermore, we are also engaged in offering after-sales services to the clients for installation, operation and on-site support of all the finished equipment. These products are used for various industrial purposes in factories and commercial establishments.

Our progressive manufacturing facilities enable us to produce high-technology products for the customers as per their requirements and specifications. The manufacturing experts make use of sophisticated vacuum casting plants and the novel air pressure gelation techniques for manufacturing. With large production capacity, we deliver quality products to the customers within the postulated time period. It is due to the client oriented approaches that we have mustered a formidable client base in the Indian Subcontinent. Our list of elite clients includes Areva, T & D India Limited, BHEL, CTR, CGL Jyoti Ltd, IMP Power, Excel Power, Efacec C&S MV Components Pvt. Ltd., C&S Electric Limited and GE India Industrial Pvt. Ltd.

Under the able guidance of our leader, 'Mr. D. R. Patel', we have achieved immense growth and success in this competitive industry. Being the founder of the organization, he has worked hard and introduced sophisticated technologies to meet the growing demands of the Indian as well as...
