About Us

Established in the year **2005**, we “**Belyons Industries Pvt. Ltd.**” are broadly applauded **Manufacturer** and **Supplier** of **Lab Equipment**, **Lab Glasswear**, **Lab Chemical**, etc. Our organization is running under the guidance of “**Mr. Mahesh Jagdale**” who has immense industry experience. Our offered products are manufactured using supreme quality components that are sourced from certified vendors of the market. Our professionals make use of latest technology to manufacture these products as per the latest technological advancements. We also make available these products in different specifications for meeting the customized needs of the clients within the promised time frame.

Our organization has an ultra modern infrastructure that is situated in **Nashik (Maharashtra, India)**. We have segmented our infrastructure into various sub-units like manufacturing unit, quality control, research & development and sales & marketing. These segregated units work in synchronization with each other for meeting the predefined organizational goal. The production unit is installed with latest amenities for manufacturing world class products. Professionals working with us are highly efficient and are competent enough to meet the wide needs of the clients in an efficient manner. These professionals are completely dedicated and always give their best for attaining maximum level of client satisfaction.
