Bengal Iron Corporation

<https://www.indiamart.com/bengalironcorporation/>

We are the leading manufacturer of **Cast Iron Centrifugal Soil Pipes, Fittings and Manhole Covers.**

About Us

Bengal Iron Corporation is an established brand in the field of castings manufacturing business with a rich experience of 50 years. We took a humble step in **Manufacturing** of nonwoven products in the year **1965** and ever since we have been growing with respect to our products and marketing range. We are working as a **Partnership** based firm. The companies headquarter is in Kolkata and a state-of-art manufacturing unit in West Bengal. It is the hard work, diligence, and dedication that resulted in BIC going from strength to strength in India and abroad. Today we have a manufacturing capacity of 9000 MT yearly with a wide range of products such as **Centrifugally Cast Iron Pipe** and many more products. We have our manufacturing unit at Howrah and head office in Kolkata and branches and dealers in almost every metropolitan city in the country namely Delhi, Mumbai, Hyderabad, Bangalore and Ahmedabad. The company has a team of dedicated professionals to monitor production, quality control and marketing networks. We also undertake the production of customized products requiring high technical specifications. We consider quality as our prime focus so we take all the quality measures during the different processes of manufacturing our product range. Our products ranges are hygienic and require less power consumption. They require less maintenance and provide longer serving life to the user. Our entire products ranges are rigid and perfect for...
