<https://www.indiamart.com/besttoolings/>

We are manufacturer and exporter of a wide range of precision die casting tools, precision die casting components, injection moulds, press tools, die casting dies, investment casting dies, sheet metal components and plastic components.

## About Us

**Incepted in 2004, Best Toolings** is a renowned manufacturer, exporter and supplier of a wide range of Injection Moulds, Press Tools, Die Casting Dies and Investment Casting Dies. In addition, we also offer our client a highly efficient range of moulds and castings, precision valve components, rubber components, forged components, sheet metal components, pressed stamping components, engineering plastic components, injection moulding dies, progressive press tools, die casting tools, die casting components, ferrous machined components, non ferrous machined components, precision die casting tools, precision die casting components, precision progressive press tools, designing of products and programming for 4 axis machine. We lay a great emphasis on quality of our products which is why we fabricate them using quality raw material and design them as per the industrial standards.

Best known for robust construction, optimum performance and low power consumption our range caters to the requirements of various industries. We owe a well equipped manufacturing unit and in-house design unit which enable us to manufacture a flawless range of products. Due to our quality range, client centric approach and timely delivery of consignments, we have been able to garner a huge client base across the globe. Precol, Rane TRW Stearing and Texmo are some of our major clients.

Under the able guidance of our founder and **owner, Mr.Thangaraj** we have...

# METAL COMPONENTS

Die Casting Components

Sheet Metal Components

Forged Components

Precision Valve Components

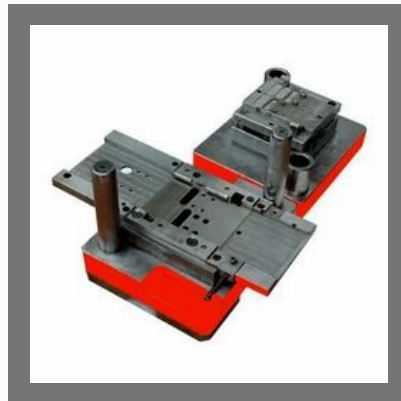

Ferrous and Non Ferrous  
Machined Components

Pressed Stamping  
Components

Injection Moulding Dies

Progressive Press Tools

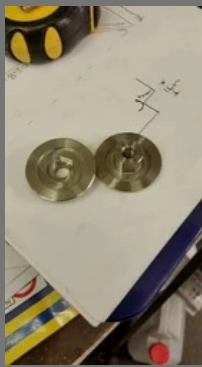

## NEW ITEMS

Stainless Steel Components

Mild Steel Components

Stainless Steel Components

Mild Steel Plates

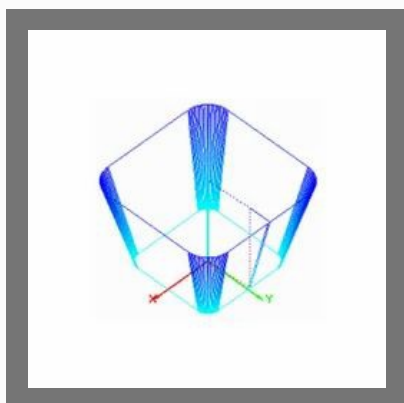

## OTHER PRODUCTS:

Die Casting Tools

Engineering Plastic Components

Designing of Products and Programming for 4 Axis Machine

Die Casting Metal Components

# Factsheet

Nature of Business	:Manufacturer
Total Number of Employees	:51 to 100 People
