About Us

B. G. Foods (The division of B. G. Ghatage Milk Processing Pvt. Ltd.) is the first and the largest banana ripening unit having modern pack house facilities. Our project is having modern and scientific pre and post harvest facilities. We provide modern technical facilities to the farmers for the production of improved quality of bananas. Along with offering the finest quality Banana, we are also a prominent Banana Products Manufacturer and Supplier in India. Our Banana and Banana Products have enriching taste and high nutritional value, which make them highly demanded in the making of different cuisines and also to be consumed directly.

Our company is offering the best quality tissue culture seedlings and other inputs such as organic and bio products to the farmers. We are also providing buyback arrangement of banana produce offering competitive rates. We make available the Banana and Banana Products in proper packaging and take extreme care at their transit, so that they reach the clients on time and with intact quality.
